☑ **Common (Cross-check)**

	Cross-checker** (Approver)	Person who registers on product server (P.I.C.)
☐ (1) Cross-checker** confirms that the registered accounts and services on each product server are equal to the accounts and services applied by the customer.		
☐ (2) Cross-checker confirms that the registered information (account number and CIF) on each product server is same as the information on the screen of back office system (core banking system).		

Cross-checker ticks above boxes for final check of (1) and (2).

**Cross-checker is the person who actually conducts "Approve" operation on each product branch screen.
