MUFG Bank to Invest in JICA's TICAD Bond

Tokyo, September 5, 2019 --- MUFG Bank today announced its decision to invest in the “TICAD Bond” social bond for the development of Africa, issued by the Japan International Cooperation Agency (JICA).

Social bonds are issued to raise funds for projects that help to resolve social issues, and bonds are targets of ESG investment. JICA’s social bonds have been verified by the Japan Research Institute, Limited (JRI) to be in alignment with the Social Bond Principles of the International Capital Market Association (ICMA).

The TICAD Bond was issued on the occasion of the 7th Tokyo International Conference on African Development (TICAD7), held in late August 2019. Funds raised by this bond will be allocated entirely to JICA’s Finance and Investment Account, which aim to address social issues such as large-scale infrastructure improvement, poverty reduction and human resources development.

Through this investment in the TICAD Bond, MUFG Bank will promote Official Development Assistance (ODA) Loans for Africa, and contribute to the realization of Sustainable Development Goals (SDGs)^[1] as a responsible institutional investor.
