MUFG Receives Approval to Open GIFT Branch in India

Tokyo, May 26, 2022 — MUFG Bank today announced that it has become the first Japanese bank to obtain approval to open a branch (GIFT Branch) in the Gujarat International Financial Tec-City (GIFT City) from the International Financial Services Centres Authority in India and the Financial Services Agency in Japan. We will proceed with preparations to open the GIFT Branch.

As part of the Indian government's vision to make India a hub for international financial services, it established GIFT City in Gujarat State, western India, as a financial and IT special zone with an international financial service centre for offshore transactions. GIFT City encourages banks and investors to return business currently overseas to India. The government has rolled out tax incentives, such as a zero withholding tax and a 10 year corporate tax holiday, which have led many foreign financial institutions to open offices in GIFT City.

In India, regulations in principle prohibit extending foreign currency-denominated loans, but GIFT City provides an opportunity to book India-linked offshore business within India which we believe will enable us to meet diverse funding needs of customers in a market where future growth is expected. In addition, foreign currency lending operations, hitherto mainly conducted from outside India, can now be processed within the country. This, together with an expected simplification of procedures, will improve diversity and mobility in financing in India, enabling clients to benefit from improved financial services.

MUFG Bank strives to provide financial services to its clients in India, doing so ever since the establishment of the current Mumbai Branch in 1953. In March 2022, we announced the establishment of the MUFG Ganesh Fund^[1], an investment fund totaling USD300 million for startups in India with the aim of further contributing to the development of clients operating in India and of India itself. Presently, MUFG Bank has five branches in India (New Delhi, Mumbai, Chennai, Bengaluru and Neemrana), making the GIFT Branch our sixth branch. We will make the most of this network, the largest of any Japanese bank in India, and work to provide even more extensive enriched financial services so as to live up to clients' needs better than ever before.
