Advisory on Unauthorised Telegram Channels Impersonating MUFG

MUFG Bank (Malaysia) Berhad wishes to alert clients and members of the public to unauthorised channels and groups on the Telegram messaging platform that are misusing MUFG's identity and branding.

Scammers are becoming increasingly sophisticated, creating digital environments that closely mimic official corporate identities and targeting individuals with fraudulent promotions, fake investment opportunities, false job offers, or counterfeit customer support services.

MUFG does not authorise these Telegram channels or groups, and we have reported them to the platform for removal. Please note that MUFG does not and will not contact its customers through unauthorised messaging channels.

For your security, please engage only with our official platforms:
